**EXAMINATION-IN-CHIEF BY SPP RAJA THAKARE FOR THE STATE.**

1. I was working as a graphic designer in a private company at Lower Parel. I used to stay at Ulhasnagar. The incident took place on 11/07/2006. After office hours I got in the Borivali slow local at about 6.02 or 6.03 pm for going to Goregaon at the Lower Parel railway station. I boarded the train at platform no.1 in first class compartment. As the train was overcrowded, I was standing just near the door. The train reached the Khar station. One or two minutes after it started from the Khar station, there was a big blast. My ears were deafened and there was darkness in front of the eyes. I became semi-conscious. I was taken to V. N. Desai hospital. I was shouting with fear and I had sustained many injuries. My right hand was fractured, my spleen was smashed, matter particles had gone in my skull and jaw. I was not able to see anything. After my relatives came, they shifted me to Holy Family Hospital, Bandra. I had to undergo seven operations, one to remove my spleen, then of the ears, jaw and head. Metal pieces in the jaw were removed by the doctor and kept aside. I was admitted in the hospital for

about one and half months. For about 6-7 months I was on liquid diet. My statement was recorded in September.
